A long, brightly lit school hallway is filled with stacks of cardboard boxes and packing materials. On the left, a staff member in a pink shirt is working at a cart. The hallway is lined with white tiled walls and has a series of recessed ceiling lights. A long display of small items is mounted on the right wall. A large framed picture leans against the wall in the foreground on the right.

Findley Packing
Staff is very actively packing to
make space available for
interior renovations
