

FALL 2017

Think. Learn. Grow.

## Des Moines Public Schools

District Performance and Equity Profile - Fall 2017

The Des Moines Public Schools exist so that graduates possess the knowledge, skills and abilities to be successfull at the next stage of their lives.

## Des Moines Public Schools

## Guiding Values of the District Performance and Equity Profile

Equity: Ensuring that all students are successful requires looking specifically at groups of students who have historically been underserved, and responding with appropriate supports and resources. To this end, the district profile captures the performance of high priority student groups:
(a) lowest performing racial/ethnic group
, (b) English language learners,
(c) students with disabilities, and (d) low-income students.

Growth: Focusing solely on the current status of student performance hides the impact the school has as measured by growth or improvement over time, because students enter schools at different places. This is why the profile focuses on growth over time and current status for all indicators.
College, Career, \& Community Readiness: The indicators of the profile measure for student success in college, career, and community. Beginning as early as kindergarten, specific indicators can be monitored to provide guidance toward increasing students' likelihood of being college, career, and community ready.

Whole Child: DMPS schools educate and support the whole child. The culture and climate of a school provides the conditions for learning, and so the profile uses multiple indicators to measure school performance within areas of both academics and culture/climate. The DMPS whole child domains aligned with the district Equity Plan are:

- Learning: Providing students with essential knowledge, skills, and abilities.
- Thriving: Ensuring each student reaches their maximum potential through enriching activities.
- Belonging: Working in partnership with our students, families, and community to create connections that increase student success.

Indicators on this report were derived from the key performance indicators of the district equity plan.

## Learning

FAST: The Formative Assessment System for Teachers (FAST) is used as a universal screener administered to kindergarten through 3rd grade students in the fall, winter, and spring of every school year. This assessment tracks student performance on a variety of targeted skills, providing an early warning system to identify students who are on track, as well as students who are not progressing adequately toward reading proficiency.

Status: The percentage of students who met the benchmark during spring
Growth: The change in the percentage of students meeting the benchmark from the previous year
MAP (Reading \& Math): These reading and mathematics assessments are administered to students in grades K-9 three times per year. The MAP assessment is the district's primary measure of students achievement and growth.

Status: The percentage of students who met the college and career readiness benchmark during the spring
Growth: The percentage of students who met their individual growth target from fall to spring
English I Completions: English I is a required course for graduation. Most students are expected to take English I during their freshman year. Status: Percentage of students who have one English I credit with an average English I grade of a ' $C$ ' or higher at the end of their freshman year Growth: The change in the percentage of receiving a ' $C$ ' in English I or higher at the end of their freshman year from the previous year

Algebra I Completions: Algebra I is a required course for graduation. Most students are expected to take Algebra I during their freshman year. Status: Percentage of students who have one Algebra I credit with an average Algebra I grade of a 'C' or higher at the end of their freshman year
Growth: The change in the percentage of receiving a ' $C$ ' in Algebra I or higher at the end of their freshman year from the previous year

Advanced Placement Exams: AP exams are administered at the end of each AP course. These exams are optional, but highly encouraged at Des Moines Public Schools. AP
exams measure mastery of content covered in the corresponding AP course. Des Moines Public Schools offers several AP courses in humanities, mathematics, and the language arts.
Status: Percentage of student who received a three or higher on one or more AP exams
Growth: The change in the percentage of receiving a three on or more AP exams from the previous year

## Des Moines Public Schools

## Learning (continued)

Graduation Rate: The 4-year cohort graduation rate calculation starts with a group of students entering ninth grade for the first time. The cohort is adjusted to add students that transfer in and subtract students that transfer out during a four year time period for calculating a graduation rate. The students counted as graduating in the 4 -year cohort rate are those 9 th graders who graduate within 4 years (by the end of their 12th grade year).

Status: Information taken from state department of education - graduation rates will lag one year behind
Growth: The change in the percentage from the previous year
Dropout Rate: The numerator of the dropout rate is the total number of dropouts in the school year and the denominator is the total fall enrollment of grades 7 through 12.

Status: Information taken from state department of education - dropout rates will lag one year behind
Growth: The change in the percentage from the previous year

## Thriving

Office Referrals: The percent of students who have zero or once office referral are regarded as having their behavior needs met in the classroom.

Status: Percentage of students who received zero or one office referral
Growth: The change in percentage of students who received zero or one office referral from the previous year
Out of School Suspensions: The number of school days a student (or group of students) misses because of an out of school suspension. The number of students used in this calculation is based on average daily membership.

Status: The number of out of school suspension days per students using average daily membership
Growth: The change in the number of out of school suspension days per student from the previous year

## Belonging

Chronic Absences: Students who are in attendance for less than 90\% of the school year are considered chronically absent.
Status: Percentage of students who have less than 90\% attendance using daily minutes attendance
Growth: The change in percentage of chronically absent students from the previous year

Gallup Engagement: Fifth through twelvth grade students take the Gallup Student Poll each fall. This poll measures the engagement, the involvement in and enthusiam for school, of students.

Status: Percentage of students engaged as measured by the Gallup Student Poll
Growth: The change in percentage of students engaged from the previous year
Gallup Hope: Fifth through twelvth grade students take the Gallup Student Poll each fall. This poll measures student hope, the ideas and energy students have for the future.

Status: Percentage of students hopeful as measured by the Gallup Student Poll
Growth: The change in percentage of students hopeful from the previous year

The percent of students with zero or one office referral decreased by 1.66 percent from 2015-16 to 2016-17.

## Number of Out of School Suspension Days Per Student

| Out of School Suspension Days per Student using Average Daily Membership |  |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | All Students | African American | Asian | Hispanic | Two or more races | White | Free \& Reduced Lunch | Special Education | English <br> Language <br> Learners |
| 2014-15 | 0.0395 | 0.0886 | 0.0151 | 0.0264 | 0.0661 | 0.0269 | 0.0490 | 0.1227 | 0.0351 |
| 2015-16 | 0.0402 | 0.0968 | 0.0092 | 0.0213 | 0.0560 | 0.0297 | 0.0479 | 0.1227 | 0.0286 |
| 2016-17 | 0.0410 | 0.0929 | 0.0046 | 0.0237 | 0.0644 | 0.0305 | 0.0495 | 0.1473 | 0.0253 |

The number of out of school suspension days per student ticked slightly up from 2015-16. This number can be interpreted as the total number of days the average student misses throughout the school year because of out of school suspension.

## Edmunds Earns National Honors For Physical Education

Let's Move! Active Schools, part of First Lady Michelle Obama's health and fitness initiative dedicated to ensuring 60 minutes of physical activity a day is the norm in K-12 schools, honored Edmunds Elementary School with the 2016 Let's Move! Active Schools National Award for its outstanding efforts in creating an Active School environment. Edmunds is one of only three schools in Iowa to earn this recognition.
"I applaud these schools for creating Active School environments that are inspiring students to be more engaged learners and ensuring that physical education and physical activity continue to be an important part of every child's educational experience," said First Lady Obama.

| 2014-15 | 0.1752 | 0.3538 | 0.0681 | 0.1262 | 0.2438 | 0.1344 | 0.2306 | 0.2235 | 0.3847 |
| 2015-16 | 0.1728 | 0.3939 | 0.0256 | 0.0995 | 0.2465 | 0.1318 | 0.2064 | 0.1814 | 0.3956 |
| 2016-17 | 0.1713 | 0.3282 | 0.0516 | 0.1119 | 0.2030 | 0.1548 | 0.2088 | 0.1438 | 0.3844 |

The number of out of school suspension days per student dropped slighlty 2015-16 to 2016-17. This number can be interpreted as the total number of days the average student misses throughout the school year because of out of school suspension.

## Hiatt Students Help School, Community at Service Day

On a cool spring day when a light drizzle interrupted a light rain, Hiatt Middle School students went about their rounds of improvements at their school and in the neighborhood as a part of their annual Service Day--an opportunity for students to learn more about volunteerism and ways to become more engaged with the community. This year more than 550 students in grades 6-8 participated.

Viva East Bank, a community organization that works closely with many east-side schools, helped organize this year's event, which included planting produce in a community garden, picking up litter, and making gifts for residents of a nearby retirement center. Habitat for Humanity was also on hand, helping students build new community benches. And inside the
 gymnasium several students were gathered around large pieces of fabric creating a mural - a collage of images that form two large hands - which will be displayed at the school.

The percent of students with zero or one office referral increased by 0.74 percent from 2015-16 and 1.84 percent from 2014-15

## Number of Out of School Suspension Days Per Student

| Out of School Suspension Days per Students using Average Daily Membership |  |  |  |  |  |  |  |  |  |
| :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: | :---: |
|  | All Students | African American | Asian | Hispanic | Two or more races | White | Free \& Reduced Lunch | Special Education | English <br> Language <br> Learners |
| 2014-15 | 0.2285 | 0.4206 | 0.0641 | 0.2255 | 0.3328 | 0.1693 | 0.2902 | 0.4188 | 0.2419 |
| 2015-16 | 0.1797 | 0.3489 | 0.0838 | 0.1369 | 0.2475 | 0.1390 | 0.2168 | 0.3504 | 0.1380 |
| 2016-17 | 0.1516 | 0.3429 | 0.0602 | 0.1064 | 0.1780 | 0.1065 | 0.1932 | 0.3734 | 0.1375 |

The number of out of school suspension days per student decreased by 0.028 from 2015-16 to 2016-17. This number can be interpreted as the total number of days the average student misses throughout the school year because of out of school suspension.

Five High Schools on AP Index for 5th Year in a Row
For the fifth year in a row, all five comprehensive high schools at Des Moines Public Schools are listed among the state's top 50 high schools on the Iowa Advanced Placement (AP) Index.

The Iowa AP Index, compiled and released by the Belin-Blank Center for Gifted Education at the University of Iowa, ranks how well Iowa high schools provide students with the opportunity to take college-level Advanced Placement courses. The rankings are based on the number of AP exams taken by students compared to the number of graduates from the spring of 2016.
