March 2024	nitter udit, Facil	Committee Meeting #2 March 5, 2024		
April 2024	capa Comp	April 2, 2024		
May 2024	RSP: Facilit completes Architect:	BOE Meeting #2 May 7, 2024	Board Decision     Affirm commit	Point: ttee belief statements mes of sub-committees

Phase 1 (Oct. 2023 to May 2024):

- Two **BOE** meetings
- □ Three **committee** meetings

- Twelve **sub-committee** meetings
- One public input opportunity

# Phase 1 Objectives

- □ Establish BOE charge for committee
- **Establish scope of work**
- Education committee members through sub-committee focus:
  - 1. Facility Needs Focus
  - 2. Finance Focus
  - 3. Program Offerings Focus
  - 4. Student Experience Focus
- Finalize committee belief statements from each sub-committee
- Provide community input on committee progress
- BOE update on progress and validation of belief statements

# What is a Facility Master Plan?

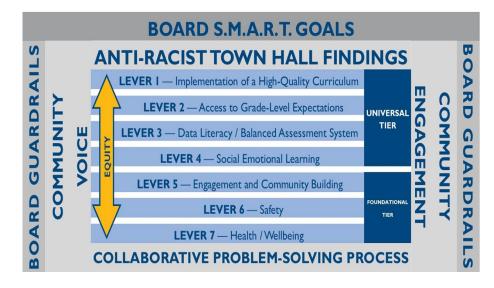

A long-range planning process that utilizes local input, credible data, and district resources to...

- Establish future of facilities
- Create financial stability in the district
- Ensure district resources are distributed equitably to all students

A Facility Master Plan may include:

- Adjustment of school boundaries
- New schools
- Building additions
- School consolidation
- Change to grade configuration

### THE BEST YOU COME HERE. BECOME HERE.

# Reasons for a Facility Master Plan

# Who is involved in the Facility Master Plan?

#### PROJECT CO-LEAD: DMPS

Responsibilities:

- Facilitation of committee meetings
- Education Specifications
- Meeting Logistics

### **DMPS COMMITTEE:**

Responsibilities:

- Attend committee meetings
- Provide feedback to facilitators
- Work towards committee consensus

### **PROJECT CO-LEAD:** RSP & Associates

Responsibilities:

- Facilitation of committee meetings
- Enrollment and demographic studies of student data
- Boundary analysis and concept creation

### **FMP PROJECT ARCHITECT:** BBS Architects/Engineers

Responsibilities:

• Facility condition assessments

**END GOAL:** Provide a final recommendation of Facility Master Plan actions to the DMPS Board of Education for final adoption.

# Subcommittee Facility Needs Focus

#### Meeting #1 – Jan. 9, 2024:

- ✓ Overview of Year 3 of 5 Capital Fund
- ✓ Overview of building conditions
- ✓ Discussion of the facility needs in the district
- □ Activity #1: 3x3x3 (needs to continue, need to be added, need to be retired)
- □ Activity #2: Begin forming Belief Statement

Facilitator: Dave Wilkerson

# Activity #1: 3x3x3

### What needs to continue?

### Activity #1: 3x3x3

What needs to be added?

## Activity #1: 3x3x3 (Homework)

### What needs to be retired?

### Instructions:

Creating this thought list could be challenging as this requires a different way of thinking about each available resource. The way to think about how to answer should center around can the student experience be the same or better by eliminating a resource or if this resource is retired will it allow for a different or better allocation of resources that will enhance the student experience.

### **Hypothetical Question Example:**

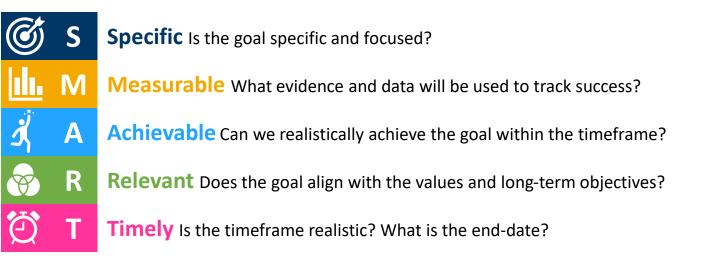

A building has a cost of a certain amount to operate with a 50% utilization, and the district needs to hire more core educators. . .what needs to happen to meet that goal for more teaching staff without increasing the budget?

# Activity #2: Belief Statement/SMART Goals

### **ACTIVITY:** Creating Belief Statements Components:

Listed below are the components to creating a goal that will have some action and purpose which will be used in each subcommittee Facility Belief Statement SMART Goal creation.

#### Make sure your goals are **SMART**:

#### **Example:** Creating Belief Statement with a Personal Goal:

- I am going to workout three days each week for one-hour and eat vegetables at least one meal a day for the next two months.
- My goal is to lose 10 pounds within the next two months so that I will have better health and a more positive outlook in how I feel and see myself.

## Homework (Reading Materials)

### Below are the listing of readings for the Facility Needs Subcommittee:

- Budget Hold'em for Districts (erstrategies.org)
- □ Review all the material presented at the meeting
